

Trillo^{Pro}

Product

Factsheet

ITO
Design

Profim is a local brand in a global world.

The company has been building its position on the European market for almost 30 years, and has been a member of the Flokk Group for two.

We believe that beautiful interiors can be created with any budget.

Well-designed furniture might be affordable and of high quality.

That is how we understand good design.

Trillo^{Pro} collection

Trillo^{Pro} is a chair for everyone. Simple but not boring. Modern offices resemble a game board - action, continuous movement, interactions, swap places, new tasks, shorter and longer meetings.

- Ideal for any place where the employee is not "tied to the desk".
- Easy adjustment for quick adaptation to the needs of different users.
- Characteristic - memorable and draws attention.
- It ensures ergonomic and comfortable work position for everyone.
- Nice and modern - versatility that will appeal to most users of open offices.
- Economical, eco- and user - friendly chair - a small number of components and an attractive price.
- Easy and quick assembly.

Quality

Profim provides a 5-year warranty for products used 8 hours a day, 5 days a week (single shift operation).
